B. PROFILE	
Type of Organisation	Non-Governmental Organization
Main sector of activity	Offering participation in youth-led events and youth participation activities
Is the partner organisation a public body?	NO
Is the partner organisation a non-profit?	YES
D. BACKGROUND AND EXPERIENCE	
Please briefly present the partner organisation.	Nouvelle Communauté Internationale (NCI) is a non-profit, non-governmental youth organization, legally established in France on July 9, 2024, under the Law of 1901. NCI was founded by a dynamic group of former international volunteers who are passionate about transforming their personal experiences into structured support for a new generation of young people. Our core mission is to valorize, inform, and raise awareness about international volunteering and mobility opportunities. We are dedicated to defending the status of volunteers, empowering youth to recognize and articulate the valuable skills gained abroad, and actively promoting mobility programs within all spaces frequented by youth. Our activities are rooted in the principles of international solidarity, intercultural understanding, and active citizenship, with a strategic focus on contributing to the Sustainable Development Goals (SDGs). We operate with the conviction that international mobility is a powerful tool for personal, professional, and societal development.

What are the activities and experience of the organisation in the areas relevant for this application?	✓ 1. Communication & Digital Outreach: We have built a robust digital presence to reach and engage young people. This includes a professional website (nci.ngo) offering resources and personalized guidance, alongside active social media channels (Facebook, Instagram, LinkedIn). Through these platforms, we share volunteering opportunities and practical advice. ✓ 2. Capacity Building & Training (Non-Formal Education): We design and deliver educational activities to equip young people with the necessary tools for mobility. ✓ Workshops: We have organized workshops, both online and in-person, on topics such as "Introduction to Erasmus+ and the European Solidarity Corps" and "Valuing Competences Gained Through Volunteering." ✓ We have developed a specialized training curriculum for aspiring volunteers, covering animation techniques, intercultural communication, and project management, that launched in April 2025. ✓ Digital Peer Support: We facilitate a monthly online forum dedicated to digital wellbeing. These sessions provide strategies for countering algorithmic bias, preventing social media saturation, and exploring how Artificial Intelligence can serve as a supportive tool in daily life. ✓ Inclusion through Art: We actively work with youth migrants by implementing structured art therapy activities, creating a safe space for creative expression and social integration. ✓ Local Solidarity: We conduct monthly outreach patrols to distribute food and essential hygiene products to the homeless. While we aim to increase the frequency of these interventions, we are currently seeking strategic partnerships with local businesses to expand our resource capacity. ✓ 3. Direct Youth Support & Mentorship: We provide hands-on support to young people. ✓ Guidance: We have successfully accompanied a dozen young French individuals in their European mobility journey, assisting them with finding host organizations and preparing high-quality applications. ✓ Mentorship Program: We are currently structuring a mentorship program to connect experienced former volunteers with youth who are considering a mobility experience, creating a peer-to-peer support network. ✓ 4. International Cooperation & Awareness Events: We actively build international partnerships and organize events to promote our mission. ✓ France-Benin Collaboration: We organized a binational awareness day on volunteering in both France and Benin. This culminated in a major event on January 18, 2025, at the University of Abomey-Calavi (Benin) titled "Appeal for International Solidarity: Volunteering, an opportunity for discovery and learning," which gathered students and young professionals. ✓ Partnership and Fundraising in Kenya: We have formalized a partnership with WOPLAH (Western Organization for People Living with HIV/AIDS Ambassadors of Hope), a community-based organization in Kenya. In support of this collaboration, we have launched a joint fundraising initiative that includes the sale of co-branded merchandise produced by WOPLAH. This demonstrates our capacity for creating sustainable funding models and managing international project logistics from production to sales. ✓ Future Projects: We are actively preparing applications for the next Erasmus+ deadline, both as a coordinator and partner. This includes several proposals for Youth Exchanges and Training Courses on topics such as digital wellbeing. We are also planning a reciprocal Youth Exchange with Benin in partnership with FONJEP.
What are the skills and expertise of key staff/persons involved in this application?	NCI is supported by a multidisciplinary team whose skills cover strategic leadership, project coordination, non-formal education, monitoring and evaluation, communications, and logistics: - Cédric Le Clech – President Cédric brings over 13 years of professional experience in management, logistics, and client relations, combined with extensive personal experience in international volunteering. He has strong skills in strategic planning, organizational coordination, and operational oversight, and is responsible for the overall strategic direction of the NGO and the development and management of partnerships at national and international level. - Cyril Le Clech – Project Coordinator & Administrative Manager Cyril is the main contact for this application and coordinates all operational and administrative aspects of NCI. He brings hands-on experience in project management,

day-to-day coordination of activities, and implementation of strategic initiatives. His profile includes supervision of fundraising, program development and community outreach, as well as experience as an international volunteer in several countries. He also has solid intercultural and communication skills and B2 English proficiency, facilitating cooperation with international partners.

- **Sun Zeyu – Programs & Operations Manager**

Sun contributes advanced linguistic and pedagogical expertise, with C1 English and B2 French and doctoral-level studies in Far Eastern Studies. He has significant experience as an English instructor and language educator, with proven skills in designing curricula, delivering non-formal and formal educational activities, and supervising learning processes for diverse groups of young people. These competencies strengthen NCI's capacity to design, implement, and quality-assure educational components within Erasmus+ projects.

- **Sami Khazene – Monitoring & Evaluation Officer**

Sami brings direct professional experience in managing European youth mobility projects, having worked as an International Projects Officer on ESC and Erasmus+ initiatives. He has demonstrated skills in project design, implementation, monitoring and evaluation, reporting, and coordination with European and international partners. Currently pursuing a Master's in International Law/European Governance and Development Financing, he also contributes expertise in EU programmes, governance, and financing mechanisms. He is bilingual in French and Arabic, with B2 English proficiency.

- **Thomas Duquénoy – Communications Officer**

Thomas contributes strong communication and client-facing skills developed through professional experience in hospitality reception and services. He has solid competencies in information management, public reception, scheduling and coordination, and the use of digital tools and social media. With B2 English proficiency, he supports internal and external communication, dissemination activities, and clear information flow among project partners and participants.

- **Enzo De La Iglesia – Operations & Logistics Support**

Enzo brings specialized expertise in logistics and supply chain management, supported by a Professional Bachelor's degree in Logistics and a CAP in Retail Commerce. His experience as forklift operator, warehouse coordinator and delivery driver provides practical skills in stock management, transport and distribution, quality assurance, and safety protocol implementation (CACES and First Aid/Workplace Safety certifications). He is responsible for the logistical organisation of activities, materials, and flows linked to NCI's projects, ensuring safe and efficient operations.

As a newly established organization (founded in July 2024), Nouvelle Communauté Internationale (NCI) is in the early stages of applying for European funding. While we do not yet have a record of granted projects, we have actively submitted the following applications and are awaiting the results. This proactive engagement demonstrates our commitment and readiness to manage EU-funded projects.

EU Programme	Year	Project Identification	Applicant/Beneficiary	Status
Erasmus+ Youth (KA210-YOU)	2025	KA210-YOU-EE5EB7C3	Applicant: NCI	Not Funded
Erasmus+ Youth (KA210-YOU)	2026	KA210-YOU-05CDEA32	Applicant: NCI	Waiting for Result

Erasmus+ Youth (KA152-YOU)	2026	KA152-YOU-5C9CE161	Applicant: NCI	Waiting for Result
